GENERAL INSTRUCTIONS

This report is for all schools—boarding, day, Government, or contract except public schools. It must be prepared and forwarded to the Indian Office IMMEDIATELY after December 31 and June 30 of each year. A duplicate will be retained at the school or agency.

The names of all boys must be grouped at the beginning of the report in alphabetical order, and then followed by the girls similarly grouped. The information called for under each heading must be supplied in every case. If for any exhibit there is nothing to report, the word "None" should be substituted.

The principal of each school must prepare this report and sign the "Teacher's Certificate."

During vacation or temporary suspension of a school, reports must be made stating the fact.

Whenever required the physician's certificate must be executed.

The superintendent must carefully examine this report and see that it is a correct statement of pupils and attendance, and forward ONE copy to the Commissioner of Indian Affairs.

*The names of pupils dropped from the rolls during the year must be entered here in alphabetical order, grouped separately by sexes. The names of all pupils here recorded must also appear on the preceding pages, in their proper places, in order that the school may receive credit for the number of days they were in attendance.

If a pupil is withdrawn and returns during the same quarter the name should not be included, as he is not considered "dropped." Pupils who remain at the school during vacation and leave before the session actually opens should not be included. Make a separate report for such vacation pupils.

NOTE ON VOCATIONAL INSTRUCTION, WRANGELL INSTITUTE: The main object of this school is to prepare boys and girls for useful living in connection with their chief vocational pursuit in Southeastern Alaska, the fishing industry. Practically every boy and girl in the school is actively engaged in the production of salmon and salmon products during the summer season, and secures complete or partial economic independence by this means. As modern fishing industries are highly organized on a mass production basis, the requirements for various vocational skills, such as carpentry and woodworking, blacksmithing and machine shop, gas and diesel engine operation, are mainly contributory and seasonal. For the girls the Homemaking courses have a definite vocational objective. The boys, also, have some training in Homemaking during their school experience.

The fields of vocational instruction are shown after each student's name by a course number, and letters indicate the specific vocational experiences during the year. Numbers in parentheses indicate the number of terms, if less than four.

Course B I. a. Marine Courses; b. Woodworking;

GENERAL INSTRUCTIONS

This report is for all schools—boarding, day, Government, or contract except public schools. It must be prepared and forwarded to the Indian Office IMMEDIATELY after December 31 and June 30 of each year. A duplicate will be retained at the school or agency.

The names of all boys must be grouped at the beginning of the report in alphabetical order, and then followed by the girls similarly grouped. The information called for under each heading must be supplied in every case. If for any exhibit there is nothing to report, the word "None" should be substituted.

The principal of each school must prepare this report and sign the "Teacher's Certificate."

During vacation or temporary suspension of a school, reports must be made stating the fact.

Whenever required the physician's certificate must be executed.

The superintendent must carefully examine this report and see that it is a correct statement of pupils and attendance, and forward ONE copy to the Commissioner of Indian Affairs.

*The names of pupils dropped from the rolls during the year must be entered here in alphabetical order, grouped separately by sexes. The names of all pupils here recorded must also appear on the preceding pages, in their proper places, in order that the school may receive credit for the number of days they were in attendance.

If a pupil is withdrawn and returns during the same quarter the name should not be included, as he is not considered "dropped." Pupils who remain at the school during vacation and leave before the session actually opens should not be included. Make a separate report for such vacation pupils.

NOTE ON VACATION PUPILS: The students who are listed in this special vacation report remained in the school for the following reasons:

Ten students lived in places a long distance from the school and were unable to afford passage money to their homes in Kodiak, Seldovia, Chitina, and Ugashik.

Two students are from Haines, both coming from poor homes and difficult environmental conditions. One is an orphan.

Nine students were designated by the Tuberculosis Survey for bed treatment at the Health Center for an indeterminate period, the termination of which would be indicated by a re X-ray examination.
